Floor Light
INSTRUCTION MANUAL

Safety Warnings

- This product is only suitable for connection to a 240V~50Hz supply in accordance with current IEE wiring regulations. It should be installed in accordance with local building regulations, and is for indoor use only. It is not suitable for a bathroom location.
- Do not plug into the mains until your lamp is fully assembled. Under no circumstances must this lamp be covered with any material as this could pose a safety hazard. It must be used on a stable, flat surface.
- This fitting is a Class II, Double Insulated product ⬜ and does not require an Earth, and Live or Neutral **must not** be connected to Earth.
- This product is not suitable for persons under 14 years of age.
- Never fit bulbs of a higher wattage than those specified on the label (as these may cause overheating and damage the fitting).
- The lamp must be protected by a 3 amp fuse in the mains plug. If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.
- If you are in any doubt about your competence please consult a qualified electrician.
- If any modification is made it will invalidate the warranty and may render the product unsafe.

Care Information

Allow 10 minutes to cool before replacing, adjusting or cleaning.
Clean with a dry cloth only. Do not use liquid or abrasive cleaners on this product.

## Assembly/ User Instructions

Before you start

Please read these instructions carefully before fitting and retain for reference. Check the packaging and make sure that you have all the required parts. Follow each assembly step in order to prevent incorrect assembly. Ensure that the product is fully assembled as illustrated before use.

These assembly diagrams are intended as a guide – if in doubt consult a qualified electrician.
1. Carefully unpack your lamp, and place on a stable, flat surface.
2. Fit the parts of the stem together as per the diagram (1-4), ensuring no wires are trapped or left exposed. Take care to pull through any excess cable, then affix the base pad (5)
3. Fit the shade (6) by slotting over the screw thread on the stem centre and securing with the finial (7).
4. Install the bulbs (8). Do not install a bulb with a greater wattage or different shape than specified on the label.
5. Plug in and operate the in-line switch to turn your lamp on.

If your Table Lamp will not illuminate, please check the bulb, the 3 amp fuse in the plug and ultimately check the relevant fuse in your Fuse Box. If unsuccessful please consult your Retailer.

To use this item in Europe, the 3 pin adaptor can be removed by loosening the central screw and removing the adaptor to reveal the 2 pin Europe plug.
